2.0 **CLASS ELIGIBILITY**

Determination of class or exemptions that either dog or member/handler is permitted to compete in for OBCC Championship points.

- 2.1 The OBCC Champions and Reserve Champions in the Novice and Pro-Novice classes are required to move up a minimum of one class.
- 2.2 Novice or Pro-Novice OBCC class eligibility will not be affected by competition in USBCHA Nursery classes provided the dog was eligible for that class.
- 2.3 Once a dog has moved up from an OBCC recognized class it cannot move back down to that same OBCC recognized class as long as it is handled by the same person. i.e. the same dog/handler team cannot move up from OBCC Pro-Novice to a more advanced class in one trial (whether in OBCC or another association) and then return to OBCC Pro-Novice in a subsequent OBCC trial.
- 2.4 Dogs may move down one class if they change handlers, subject to the new handler being eligible for that lower class as described in the handler definitions. i.e. An advanced level dog (i.e. Open, Open Ranch, Ranch, Advanced Pro-Novice etc.) may revert to the Pro-Novice class if the handler has never competed at a higher level than OBCC Pro-Novice; similarly a Pro-Novice or Ranch dog may revert to the Novice-Novice class if the handler has never competed at a higher level than OBCC Novice-Novice.
- 2.5 On request, the Trial Committee may grant exceptions to the eligibility rules where, in its judgments, a dog or handler is clearly misplaced. Such exceptions are expected to be rare and handlers should not expect that they can "try out" a higher class and then revert.

3.0 **COMPETITORS**

3.1 **Conduct**

- 3.1.1 Competitors are required to demonstrate sportsmanlike conduct.
- 3.1.2 Competitors may ask for an explanation of the course only before the run starts, not after. Competitors may walk the trial field prior to the trial, but no competing dog is permitted on the field before a run. An exception may be granted for dogs being used to spot sheep.
- 3.1.3 Entries will not be accepted once a class is underway. Competitors are responsible for being at the post at the proper time. Failure to do so may result in forfeiture of the entry.
- 3.1.4 Assistance from the sidelines is not permitted.

3.2 **Care of Animals**

- 3.2.1 No dog which is unfit or lame shall be permitted to compete in the trial. Any dog whose health endangers other dogs, livestock or persons shall not be permitted on the trial grounds.
- 3.2.2 Dogs may only be equipped with a standard collar. No kind of training device is permitted on the trial field.
- 3.2.3 Abuse of sheep or dogs is forbidden on the trial field, including the exhaust pen, the release facility or any ground associated with the trial. Abuse may result in disqualification by the judge, cancellation of entry and/or disciplinary action (see 7.4).
- 3.2.4 Competitors are responsible for any damage inadvertently or purposely caused to livestock, other dogs, trial property, or fellow competitors by themselves or their dog.

3.3 Disqualification / Retirement

- 3.3.1 If disqualified by the judge the competitor will immediately leave the field, no points will be awarded. Competitor may inquire of the trial manager of the reason behind disqualification, but an answer is not guaranteed to be provided.
- 3.3.2 Should one or more sheep leave the course in any class, the competitor will retire and no points will be awarded.
- 3.3.3 If a competitor runs out of time before completion of the run, points earned for phases of work completed will be retained.
- 3.3.4 If a competitor leaves the post before being permitted to do so it will be assumed that they are retiring. No points will be retained in any class included in trial.
- 3.3.5 If the judge asks a competitor to retire no points shall be awarded in any class included in trial. In the Novice-Novice class only, at the discretion of the trial manager and judge, handlers may be asked by the judge only to retire during the last phase of work (usually the pen) and retain points to that point. This allowance will be advised prior to the start of the class.

4.0 RULES for JUDGES

- 4.1 Selection of judges are to be approved by Trials Committee whenever possible.
- 4.2 All judges shall follow the International Sheep Dog Society's Rules &/or USBCHA Rule Guidelines for Trials.
- 4.3 The judge must ensure that the course description is explained to competitors before the start of each class.
- 4.4 All decisions by the judge are final.
- 4.5 The judge will determine reruns.
- 4.6 The judge may stop a competitor at any point in a trial.
- 4.7 The judge may be assisted by a clerk/secretary and a timekeeper. Other persons or competitors should not be close to the judge in order to minimize distractions.

5.0 OBCC CHAMPIONSHIP RULES

5.1 Eligibility for championship points

- 5.1.1 Only members in good standing, who have paid the current year's dues, prior to entering their first trial of the season or June 1st of that year – whichever comes first, may accumulate points for a dog toward the year-end awards.
- 5.1.2 Points are earned by the dog, not the handler. If the handler changes during the year, the dog will retain points earned in the class in which it has been competing up to that time. If the new handler is eligible to compete in the same class, then points will continue to accumulate. If the new handler is not eligible to run a dog in the class in which the dog has been competing, then the dog will move to a new class and start accumulating points at that level. Points are not transferable from one class to another.
- 5.1.3 A dog cannot earn championship points for two classes if being run by two handlers in a single trial. This rare event is not encouraged by the OBCC and should only be considered after consultation with the Trials Committee (i.e. the child of a competitor running a higher level dog in a lower class).
